Amigos Together for Kids	Amigos For Kids delivers the Amigos Strengthens Families and Communities Program throughout Miami-Dade County. For over 10 years, more than 2,000 families from high-risk communities have benefitted from parenting and child session. Program activities include five 2-hour group parenting sessions, individual consultations, registration and screening, intake, assessments (when indicated)and childcare during in-person sessions for children of participating parents. Content will be delivered in English and Spanish by counselors who have completed an approved skills-based accreditation process. During the group sessions, parents engage in exercises to learn about the causes of child behavior problems, setting specific goals, and using strategies to promote child development, manage misbehavior, and plan for high-risk situations. A nutritious meal is provided for every participant during all in-person sessions to foster social support and learning. Lutheran Services Florida (LSF)offers the Nurturing Parenting and Family Program- an intensive home visiting and group program that provides parent education, helps manage problems, and works with families for a minimum of 90 days to a maximum of six months. The primary goal of this program is to nurture a productive relationship and develop trust between family and staff. The program conducts universal screening for families enrolled as well as youth and target youth, ages 12-18, that may have disabilities, come from low- income/high-need areas, display disruptive behaviors, have mental health/substance abuse issues, and are/or at risk of being homeless. The Mexican American Council's (MAC) Family Empowerment Program (FEP) serves ow-income farmworker families and their children in southern Miami-Dade County. MAC FEP provides parents with evidence-based parenting workshops that empower parents with the knowledge and tools needed to assess the needs of their children. The focus is to increase positive parent-child interaction, communication, and empower parents to help their children succeed in school.
